The focus will be on the landscape and the area's natural and cultural highlights, thanks to the generosity of many faces who will make surprise appearances during the individual events.

How does Crinali take place?

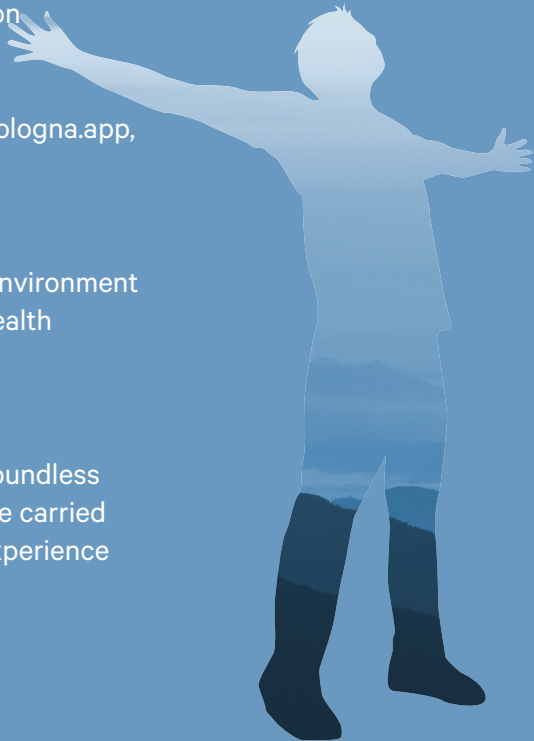

From May to October, along the routes, you will meet unannounced musicians, storytellers, circus performers and theatrical artists who will perform as you pass by. They will appear suddenly when you arrive at an evocative place along the route. Dozens of artists will liven up the paths: you will not know where or when, but suddenly, like woodland elves, they will appear and cheer your way, offering a story or a performance.

Admission to all the events is free of charge but booking is required.
